I believe that every patient deserves the best care we can offer. People trust their well being and the well being of their families to us in times of need. I take that very seriously. My personal philosophy is to treat everyone with kindness and compassion while making every effort to alleviate their anxiety and reassure them they will be safe in my care.

Working with my colleagues at St. Mary's Health Care –Ottawa to prepare for its opening has been one of the most rewarding experiences of my career, and I am excited to see the wonderful service our team will provide to the Ottawa community.

St. Mary's  
**Health Care**  
Ottawa
